

Job Profile – Physics Teacher

The position of Physics Teacher reports to the Head of Upper and Senior School. The teacher of Physics is required to create a positive and supportive learning environment and develop activities so that students are able to practice in a meaningful context. The successful candidate will be expected to deliver Physics to MYP and DP students with a range of different abilities and capabilities.

Essential Requirements

- Fully Qualified Teacher;
- Degree in Science (major in Physics) or a related field;
- Expertise in teaching and assessment of the relevant subject;
- Adaptable and flexible to the requirements of the school;
- Commitment to the values of the continuum of an International Baccalaureate education;
- A consistent commitment to high levels of pastoral care;
- Fluent verbal and written communication skills in English;
- Ability to be flexible in an ever-changing world of education;
- Positive and innovative mindset even in challenging situations;
- Expectations of high standards of learning and behaviour from students; and the ability to challenge all students on an individual basis;
- A willingness to contribute to the wider school community;
- Caring nature towards students and families;
- Excellent organisational and time management skills;
- Excellent interpersonal skills, and the ability to work collaboratively with teachers, students, parents and staff;
- Compliant with Child Safeguarding Requirements

Responsibilities

- To maintain and deliver the IB MYP and DP Physics curriculum as well as the curriculum for any other courses assigned;
- Take the lead from Programme Coordinators with regards to unit planning, assessments and recording evidence of learning;
- Collaborate on a regular basis within subject groups and across subjects, for the purposes of horizontal and vertical planning;

- Effective use of ManageBac for unit plans, recording evidence of learning and student feedback;
- Promote a safe working environment for students and staff;
- To promote the ideals and mission of the school and our three pillars, Creativity, Character and Connectivity;
- Contribute to the school community by being a team player willing to collaborate with a diverse group of teachers and staff members;
- Take into account the different ability levels of students and differentiate work accordingly;
- To offer students every opportunity to engage in learning during all lessons and/or activities;
- To manage students' conduct by promoting positive behaviour;
- Be a role model for children.

Benefits

- Competitive pay and compensation package;
- Annual performance related bonus;
- Free breakfasts & lunches;
- Medical & Dental insurance after completing a probation period;
