Dear Parents,

Re: Brookes Alumni Programme

I am the University Counsellor at Brookes, and one of those fortunate people who can truly say “I love what I do”. I am delighted to introduce you to Brookes Moscow Alumni Programme that is designed with your children in mind to help them develop as aspiring young professionals, to discover what they love, and to be genuinely happy. My goal is to give them the courage to make informed decisions, the confidence to pursue their goals, the knowledge to navigate their future, and the opportunity to reach their full intellectual potential. Mr. King generously offered the school as a platform for my ideas allowing me to bring this dream to life.

This new programme will gradually evolve into a comprehensive alumni platform encouraging mentoring, networking, career development, and meaningful collaboration between our Alumni and younger Brooksies.

To begin this journey, three Alumni projects have been successfully introduced.

1. BROOKES ALUMNI CHANNEL

A private communication channel that keeps Alumni connected to the school and support each other’s career achievements. The channel provides:

- Updates on alumni university and career pathways
- Alumni achievements and projects
- Official school announcements

This initiative strengthens the sense of support long after graduation.

2. BROOKES SPACE

Alumni may use Brookes facilities to run workshops, projects, or events that benefit both their personal development and the broader Brookes student community.

The Brookes Space gives Alumni continued access to school resources to support their professional development. Through guidance from the Career and University Counsellor.

Alumni receive:

- CV and résumé support
- First job interview preparation
- Advice on internships, campus employment, and placement year

3. BROOKES ALUMNI MENTORSHIP PROGRAMME

A new mentoring project connecting graduates with current students. Alumni offer:

- Time-management and study strategies
- Insights into university and career pathways
- Inspiring personal stories and real-world experience

This Programme empowers students to approach their future with confidence while allowing Alumni to play a meaningful role as role models and guides.

Inaugural Mentorship Session Delivered!

The first official mentorship session took place on **18 November 2025**, led by **Afsaneh Afdjei (Class of 2025)**, speaking from the University of Edinburgh.

Afsaneh shared strategies for organising application timelines, meeting deadlines, and managing academic responsibilities—setting a strong foundation for future sessions.

I extend my heartfelt thanks to Afsaneh for being the first to embrace and pioneer this programme with us! Her courage, initiative, and generosity in sharing time and experience have made a tremendous difference for the right start!

Brookes Space & Mentorship – Your Platform to Inspire, Connect, and Grow!

With warmest thanks and continued support,

Ms. Elizaveta Chudaikina
Careers & University Counsellor
